Winter Driving

BE SMART - BE INDEPENDENT - BE PREPA

- Be a "packrat" and store non alcoholic beverages & non perishable
- Remember that your car is "hungry" too. Always refill when the ta is 1/2 empty.
- In case your your battery fails or you break down, you need a tow rope and a jumper cable in your car.
- Don't freeze! Be smart and have blankets or sleeping bags in you
- Don't be a "peephole" driver. Remove the snow from your car roof from your windows and mirrors. Have a broom and an ice scraper i
- Have a shovel and rubber mats or pieces of old carpet in your car i get stuck.
- See and be seen during darkness and inclement weather! Have a fl

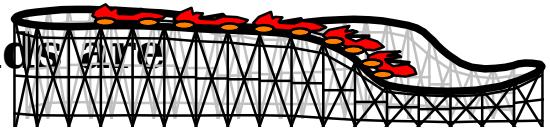
PLAN YOUR TRIP THOROUGHLY!

Avoid back roads if possible try to use highwa

Most back roads and small roads drive



They ar  **because the snow and ice will be removed from autob and highways first.**

In addition, you can **or a bigger animal. Be careful th d give you the right-of-way.**

ALWAYS REMEMBER !

EVEN if you use the highways always be pr on and especially when you drive over bridges, unde sses, through forest areas and in the vicinity of po nts.
